Download Minecraft PE Beta 1.17.20.22 (MCPE) APK free Version. Minecraft PE v1.17.20.22 - 1.17.0.58 is a grand update contains many features for expanding caves and cliffs generations in the dungeons of the game world.

Minecraft Creative has a variety of different options and settings for your game that will give you complete control over it. You can change almost everything about the world from the seed number to what biomes appear on your server. You can also choose weather, day length, time of day or create custom rules that will automatically apply certain environment settings and visual effects. The possibilities are endless but if you want to start playing with these options, you must have Forge installed.",

With the release of Minecraft Bedrock Edition, Mojang team also announced that they will support servers better than ever. That means that once you launch a server, no one can stop it unless you shut it down yourself. Before this update, if your Anti-Cheat software is not updated, or you don't have a firewall but still want to run a successful server, people can easily hack into your server and ruin everything. With the new updates coming soon to Bedrock Edition servers, this problem will be solved and everyone will be happy playing on their favorite servers.",
