Rated 5 out of 5 by Anonymous from So much fun I love this game so much! There is no fighting, just chatting with your friends online and there are no missions or quests to complete to play this game. It has no age limit either, so younger kids can join in.

ROBLOX has been criticized for being a scam. This is because many users have claimed that they are scammed by ROBLOX. One of these scams was when a user named "Brianna" was falsely accused of selling copied items, which caused the price of an item to go from \$10-\$20 to \$50-\$100 overnight.[50]

On January 12th 2019 RoBoX Studios uploaded a video of them waving in front of cameras. The description of the video said "Moped Wave" and there was a picture of the thumbnail saying "Moped Wave". Fans thought it was an advertisement for one of potential future projects. A few days later they uploaded a second video called "RoBoX Studios". This time they were counting to 12 in front of cameras with different colored backgrounds. On January 22nd 2019, after over a month, they have uploaded another video titled "RōBux". The description teased about a possible RōBux 2, which is a mini game in ROBLOX which is cash oriented. On February 18th 2019, they have posted another video titled "RSK", which is short for ROBLOX Studio Kit. This video showed three new projects that were planned to be released with tips on how to create them. On February 19th 2019, they had uploaded yet another video titled "ROBUX". This was a video where it showed a projected page about ROBLOX and what people play. The description read "ROBLOX has more than 200 million users who love playing Roblox games! Which is why next week we will be releasing RSK - the new Roblox Studio kit! It will feature tons of cool features and tools you can use to make awesome 3d games. Keep an eye out for RSK next week. The post was then deleted, then the video was deleted, likely to stop rumors and speculation of a new studio kit.[48] On February 26th 2019, they released RSK to the public under build mode.[49]

Roblox uses multiple methods of advertising. They first started advertising on websites like Nickelodeon, but they have moved to focusing on social media sites like Facebook and Twitter.[66] Roblox also primarily advertises at gaming conventions such as E3 and Minecon. Roblox has an official YouTube channel on which they occasionally stream live events called "Developer Live", where Roblox employees give sneak peeks of upcoming features.[67] They have also recently released a list of YouTubers that are apart of their Developer Program called the "Roblox Ambassador Program". These YouTubers are able to test new features in Roblox before anyone else with the exception of Google employees.

According to a report by "The Guardian", Roblox has been criticized for being a "digital playground" that involves more than 50% of their users under the age of 18. The report states that there are over 200 million players on Roblox who have access to weapons and themes that include sexual references and violence. They also said that Roblox emphasizes the idea of user privacy which can be seen in their games by having players invite other users via email or text messages.
