On August 23, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a free app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 4.0 out of 5 stars (out of 1 vote) from 2 users, with a user rating of 4.0 out of 5 stars (out of 2 votes).",

The developers of Coin Master have said that the game is not free to play but does include advertisements. A user review on iTunes states that "The main problem I have with Coin Master is the lack of gameplay variety and difficulty spikes" and remarks that "once you've played through a level, chances are it won't take you long to beat the next one". The developer of Coin Master has countered this criticism by stating that they are "working to add difficulty spikes and more levels in order to make them more challenging and replayable".",

The developers of Coin Master have received several honors for their game. In 2006 they were awarded a "Design Star" from Microsoft as one of "10 innovative games to watch out for". In 2008 the developer was nominated for a Webby Award in the "Best Kids' Website" category.",

A spin-off title for iOS devices called "Coin Master: Dig Deep" has been released by United Pixelworkers and is available to play online on any compatible browser or directly through an app designed for iPad, iPhone and iPod Touch. This title was released as a limited time premium version with more in-app purchases which included more levels and content. The PC version of this title has also been released on Steam and is available to download directly from within the Steam application or from its store page. This title is similar to "Coins & Curses 2" except that it includes more in-game content.",

The developer of Coin Master has revealed that he is working on a "new" mobile game which is not based on any of their previously announced titles. However, a few news outlets have reported that this game is actually "Coin Master 4". This version will also include brand new characters and gameplay elements as well as updated graphics and sound as the development team seeks to keep the spirit of the original games intact.",
