With exception of maybe IBM which anyway is crapping out, none of the other owe their business success to directly to Java based product or services. If Java were to be abandoned they can easily migrate / rewrite their internal tools / products to a different platform even if it takes 5-10 years.

There have been a lot of instances of Roblox users exploiting flaws in the game in order to introduce their own hacks, like a highly publicized and, quite frankly, terrifyingly disgusting story of someone who was able to exploit the game's code in order to introduce custom animations. This person decided to animate graphic character movements that mimicked rape, and proceeded to virtually sexually assault a 7-year-old player's avatar.
