On December 14, 2017, ROBLOX announced that it had partnered with Warner Bros. to produce a game based on the upcoming film "Justice League" (which is scheduled for a 2018 release). The game will be based on Batman's sidekick Robin, and will come in two forms: one which is story-based and one which is puzzle-based. The game was released in Europe on November 28, 2018 and in North America on November 30, 2018.

The community is somewhat mature. As far as social media goes, I do not personally think that roblox holds much of a candle in terms of maturity when compared to the likes of Twitter or Facebook - but it certainly does not have the childish undertone that you would find on other sites such as Instagram or snapchat either. It has a decent kid-friendly community that is mostly neutral.
