Robux. Robux is the currency of Roblox that can be purchased with real money, although there are also other ways to receive them within the system of Roblox itself. The way they work is very simple - you can use Robux to purchase in-game items, such as clothes for your character or even full-on animations such as dances and others. This adds a form of virtual economy to the game which adds depth and meaning into it - although the impact of the impact that this has on the game can be debated heavily depending on who you talk to. This means that, while there is a sense of the possibility of winning content within the game - there is no chance of getting content without paying for it.

On July 8, 2013 (3:00 PM), ROBLOX released a new website design. The old design was getting outdated and had many bugs that prevented users from accessing all of their content. This redesign changed everything to make it easier for everyone. Other improvements include simplified forum viewing/posting, improved chat system, improved site-searching/navigation, and improved ability to manage groups and groups permissions.

To get free Robux on Facebook, all you need to do is set your status message as "I like [YOUR FRIEND'S NAME] on ROBLOX" and click "Share". You'll be given an extra 1,000 Robux. Here's the screenshot to help you out!
