Builders Club Premium is available to all Builders Club members. For the purposes of the ROBLOX Terms of Use (from which these terms are derived), premium features and paid-for items are considered one and the same. In order for a game developer to provide Builders Club Premium, an agreement with ROBLOX must be obtained from ROBLOX.

Some people just find it hard to see how many Robux they will actually make from their personal game development because the process is difficult and lengthy that the estimated amount of time it takes just for 1 point can be up to 6 months.

In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138]. ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

A game called "The Mad Murderer" has been criticized by Roblox users as being violent. The game allows players to kill other characters by using a knife or a gun. It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well. Players who used guns on other players would be banned from Roblox. Roblox stated that they were "going to continue to refine the game".
