There were a lot of concerns about Robux before the update that made it easier for players to get it, but some people still believe that Robux is manipulative and favors the developers. In the "review" section, people criticize the developers for doing what they wanted to do and not caring about what people think.

This is one of the most efficient and reliable sources for free robux in roblox. It has been tested many times by other players, and they have been quite satisfied with how fast and effective this cheat is.

One of the reasons why Roblox has become such a big hit is because it lets you play with your friends in a virtual world that is full of adventure. It's not just for kids either, but especially for teens and adults as well because there are tons of things to do in here. It is a place where you can have fun and meet new people online. Most importantly, you can learn a lot of skills since Roblox has so many different games and places to visit.

Rated 5 out of 5 by Anonymous from It is very fun! I love this game and will forever. I have a lot of friends that play ROBLOX so we play ROBLOX together. But we also make our own games in ROBLOX STUDIO so me and my friends can play them together to see who wins! Other than that, you just have fun on ROBLOX and get to know people a little bit better. I really love it! I think you should try it out! You can make a game on ROBLOX STUDIO which is super fun.

Game Guidelines: On March 23rd 2017, ROBLOX announced changes to its Terms of Service and Privacy Policy regarding the game guidelines for making games on the website. The company has added new restrictions that force creators to only make certain kinds of games.[80] To be more specific, Roblox has forbidden developers from making violent and offensive content such as school shootings or terrorism. Instead, players can only make games that are appropriate for kids.[81]
