How about having a system where you can trade other players items and for their items you can trade them.. and also it would be better if someone was able to get ban for inappropriate activity but at least it would give them an option to choose from and no one should be allowed to use excessive exp which is currently going very bad in the game... How about aswell have a better chat message system as well as on roblox the roleplay activity is pretty dead....

When this was discovered, the hacker was immediately taken down by ROBLOX's staff.
