Farmville: This is yet another example of a game that doesn't really offer any value at all but still manages to make a ton of money. It's a very bizarre concept which involves fun because you think you're going to become rich by buying fake farm products and selling them or you can become popular by posting pictures of your fake farm products and getting attention from people who want similar things. I mean, if this is what people want then it's really no different than Roblox except with Farmville you're dealing with real money.

In 2011 the Roblox company sponsored an event at the Children's Museum of Pittsburgh to raise money for charity (Charity Water). This was called Roblox Builders Club: Project Builder which raised over \$3,000 for charity water.

On November 29, 2018, ROBLOX announced that they are partnering with Spin Master which will have various toys and scripted interactivity come out in 2019. The toys will be available as virtual items for purchase.[52]

Safe for kids. The Roblox website has a large system dedicated to ensuring that all content is safe - filled with age requirements and parental controls to provide protection from inappropriate content being found and viewed by children playing the game online. This is a great safety feature that provides peace of mind for parents looking to let their children play on it. Requires an internet connection to play. This is a small downside and something that can be fixed by using a Wi-Fi connection.
