While this may be true for some cases, there are some individuals who make these videos just to deceive users into thinking that they have found a way in which they can get free robux for their accounts. This is usually done by editing the time stamp, making it look like they have gained several thousand dollars' worth of free robux within a short period of time.

Please fix the bug that stops you from playing games and then when you log back in the game glitches and makes it start over again. It makes me very frustrated because I spend a lot of time on this app. So please fix this bug! Roblox is an amazing game but there are some issues with it. My main complaint is that when I play games so many people are rude to others but there's no way to report them or mute them and this to me makes Roblox not so fun anymore and sometimes boring because everyone else around me is just being mean when they don't have to be. There are so many cool things about the game I don't know where to begin. But the one thing that I love the most is that you can play with your friends and you can talk to them through out the game. Let's just get started shall we? I love this because it's so easy and simple. All you have to do is type in your username or email and it will find your account. Then when you are done playing a game and want to do something else click the log out button and you will be brought back to the main screen like when you first logged into roblox. This makes it easy to restart games or to go back to your profile. The first thing that I noticed right off the bat is that this app is a lot better than the one I had before. Because of this I have my hopes up for the future of roblox and how it will be in the years to come. This app gives you a ton of stuff but it leaves out some stuff so I decided to make a suggestion about fixing bugs and glitches with the app but not just bugs in general. What I really like about the app is that you don't have to rotate your phone. Sometimes when I play on roblox I have to get out of bed and turn my phone around because it's upside down because I was in bed. Thanks for eliminating that problem! This is a new feature for the game and personally I think that it is so much better than the old one. It shows you how many fans, bangs, and people are in each group you are in. This makes it easy to know how active you are on roblox.

A game called "The Mad Murderer" has been criticized by Roblox users as being violent. The game allows players to kill other characters by using a knife or a gun. It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well. Players who used guns on other players would be banned from Roblox. Roblox stated that they were "going to continue to refine the game".

Rated 5 out of 5 by Anonymous from I love this game! ROBLOX is the best game ever! I have been playing it for over 2 years and it has never got boring! There are over 1 million games on it so there is a huge variety to choose from. Rated 4 out of 5 by Anonymous from IMPROVES MY CREATIVE SKILLS This game is really fun you can be a teacher a doctor or even president with your friends or just by your self, this game teaches me lots of things like: building, acting and more things that makes me get better at life.

When it comes to this premium feature, the player does not have to pay for membership in the Builder's Club (which is free) or spend money on Robux or Builders Club credits at any point during gameplay. All they have to do is purchase the premium feature and be in a Builders Club account.
