Another way that allows users to get free robux for Roblox is through surveys. There are many websites and apps that allow users to complete surveys in exchange for free robux. Some apps also let users complete missions in exchange for a small amount of free robux, though they may require several tries before they can complete them all. However, you can never go wrong with a survey. Since there are so many available, you should take advantage of these opportunities to get free robux.

On December 20, 2016, a 12-year-old girl in Las Vegas named Arielle De La Rosa was banned from Roblox for what she believed was a "harassment campaign". She had created a character named Emily Roe that she used to bully another player online. The bullying campaign went on for over a year until it came to her parents' attention and they contacted Roblox about it. The harassment campaign violated the Child Online Privacy Protection Act (COPPA). Her parents encouraged her to create a character named "Emily Roe" and they hoped that this would help her get unbanned from Roblox.

On May 24th 2019, ROBLOX announced another update for their Studio 2.1 version. This update, known as "Studio 2.1.1", was released to the public on May 31st 2019.[98] Like many other platforms, ROBLOX also has an adult chat system. This is usually used by roleplayers and other users who wish to talk about mature topics freely. However, players have abused this feature by advertising Roblox pornography websites or trolling innocent users.[99] Some users have also used the system to claim that their username is "Not suitable for children" or use inappropriate usernames in order to get attention from others.[100] It is unknown whether ROBLOX will ever remove this feature from their platform.
