On November 11th 2016, ROBLOX added a feature called "ROBLOX Backpacks" to its website. Almost immediately after the release of this feature, a large amount of "spam" messages began to appear on social media platforms such as Twitter and Facebook. These occurred in the form of "spam links" that were posted by players who were seeking to make a profit. Roblox later modified its terms and conditions which resulted in all links being blocked from being posted until December 22nd, 2016.[76]

The best way for people to use these codes is by following some of the instructions that are being provided with them, especially if it is from an experienced developer.
