On April 13, 2016, ROBLOX partnered with Nintendo to release a catalogue of upcoming Nintendo Switch games. On June 18, 2016, ROBLOX partnered with Rockstar Games to release an online game based on Grand Theft Auto V. The game was released on July 2 for both PC/Mac and Android devices. The iOS version of the game was made available in December 2016. In October 2017, ROBLOX also launched their version of PayDay 2 which is now available for iOS devices. 2018 also saw the partnership with Activision to promote the release of Call of Duty: Black Ops 4. In addition, iOS users would be able to play Black Ops 3.

The more points that you earn, the more robux that will be credited to your account. Surveys are usually quick and easy, so no sweat! There are 3 different types of surveys: desktop or laptop online surveys for 10-20 minutes; mobile surveys at home or on the go from 30 seconds – 2 minutes; and video game market research for 15-20 minutes.

As of 2015, ROBLOX does not require end-users to use their own search engine to find games.[18] This is bad as some users search for objects such as skins and items instead of games. This can lead to confusion because they may get a game search that directs them to user's profiles instead.

ROBLOX has also been criticised for its lack of support for users who are victims of scams and other forms of theft. Some samples include: A user by the name of EthanSteele has recently had his full game, "The Quest" stolen by someone else and renamed "Game Start". He made an appeal to ROBLOX's administrators on Reddit asking that he be given back his prototype so that he could resume development on it but they banned him and closed his case. Another example was the theft of a user's game, "The Polaroid Project", by another user who put it on a free-to-play model for the purpose of making money.

After you have registered your account with the application, then it will not take much time at all for everything to get set up. However, since the generator is powered by advertisements, you might encounter a lot of ads that are popping up after you have connected your account. It will be up to you to decide whether or not to continue using the application or to go for another one.
