Blocks are awarded when the user is rewarded items from certain games, such as VIP and daily bonus. They can be exchanged for ROBUX. The amount of ROBUX gained from converting blocks depends on how much you have, but the minimum is 10 ROBUX per block; for example, if you have 300 blocks, you will receive 3,000 ROBUX (300 x 10). In this way, players can use blocks to obtain ROBUX without having to purchase a Builder's Club subscription.

The second way is by buying them from any of the websites which offer them as in-game purchases with real money like Amazon or iTunes cards. These cards can also be bought for cheaper rates at places like GameStop or Walmart.

On October 10, 2010, Roblox replaced their old homepage with a new one. It was also released as part of an update and it was later applied on January 26, 2012. The old design was later removed from the website. A redesign of the website would be released on February 23, 2014. With this new redesign, Roblox added a news feed to the site and went back to the old design before October 2010.

In ROBLOX, you can unlock the most exclusive gear by getting it directly in-game with a single purchase of ROBUX! But no one has ever figured out how to get it from outside the game! This is because all of the ROBUX you buy in game are for virtual currencies and have absolutely no real-world value. Whether you're a player or an admin, this is a secret worth keeping.

The developers of free games can offer premium features in their game. However, due to the fact that all premium features are only available in Builder's Club, in most cases they will if there is no way for the developer to observe this from a third-party mod or script perspective, then it can only be done via a Builders Club Premium [55][56].
