According to the ROBLOX website, there are over 15 million registered and active players. Like many other user-generated content sites for young children, ROBLOX encourages users to be safe and responsible on its site. It also has a moderation system that allows members of the community to report profiles and comments that may be inappropriate or offensive. Parents can also choose what games their kids can play, or even disable chat so other players can't talk to their child. ROBLOX has also introduced a new feature called "Guardians" which works like parental controls on most software. It allows players to set a game rating they are comfortable with, so that they can choose between games.

On October 10, 2018, Roblox announced that they will be selling 49% of their ownership stake to Tencent Holdings for \$100 million. The transaction is subject to approval by the Roblox board of directors and Tencent before it goes into effect. The acquisition is part of a strategy by RoLabX to become a global gaming powerhouse with operations in China. The deal also confirmed that Tencent will continue to operate as the chief customer and user experience partner for ROBLOX.

In 2015, a study concluded that children under 15 years old had made up 38% of Roblox purchases, which was far less than the games with similar genres such as "Minecraft" or "Grand Theft Auto". However, the study also concluded that players over 15 years old had made up 56% of Roblox purchases. This is because they have more money and influence. In addition, the study reported that Roblox is being used for a variety of purposes such as learning about engineering and architecture.

There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.

Once you get enough free robux, just go back to your game account and manage it and then you will be able to buy cool items or invest in some cool weapons as well.
