There is a rare item that can be found in some games called "the orb" which is a blue orb looking like thing. It comes from a sound that the game creator puts in the game and if you get it, it can be used as an attack to kill the enemy with or to do other stuff like make you invincible. The orb is very rare to get so it is not really good to use if you do not want to waste the item, but I think that this item should be more common, so we don't have to spend too many robux on it.
