The script system can be used to create a semi-spamming robot. This can be achieved by constantly creating invisible scripts that automatically click other user's pages. This can be done by using a script that spreads to everyone else's page, and then moving the user to the top of the list.

However, this technique can be easily prevented by simply moving the user to an undesirable position in the list.

Roblox cannot afford to go down the path of Farmville. They need to remain an open source program for everyone, where people can come together as equals and play fun games without being forced to pay money to be able to continue having fun within their virtual world. People who think they can't afford to pay should just get used to not having an ROBLOX account because that's what's happening. People are being kicked off the server by player banning.

Since there is no generator out yet to get free robux for roblox, I decided to make my own tool in order to provide a solution to all the players on how to get free robux for roblox.

Rated 5 out of 5 by Anonymous from I love roblox! This game is awesome! It has a lot of cool things to do, you can get characters, build houses in creative, play games in the arcade. There are a lot of things to do in this game. I think you should download it now!! :)

I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.
