It has over 144 million monthly unique visitors (MAU), making it number 1 in total and within North America, Australia and New Zealand. The games on ROBLOX are free to play, while microtransactions can be purchased using Robux, which are acquired by playing the games or through a transaction system called "Builders Club". Since 2016, Roblox has been making more and more money every year and is currently valued at over \$1 billion. Its headquarters are located in San Mateo, CA.

Roblox has been criticized in the past for not having any real-life weapons or vehicles because everything is made of blocks and visual effects.[58] However, ROBLOX has announced that they will be adding weapons and vehicles to the game soon.[59] They later went back on this statement by saying they would only add 3 weapons/vehicles at this time.
