Safe for kids. The Roblox website has a large system dedicated to ensuring that all content is safe - filled with age requirements and parental controls to provide protection from inappropriate content being found and viewed by children playing the game online. This is a great safety feature that provides peace of mind for parents looking to let their children play on it. Requires an internet connection to play. This is a small downside and something that can be fixed by using a Wi-Fi connection.

On June 16, 2012, Roblox filed a copyright infringement case against Games Done Quick and its game "The Maze" for using their characters and scenery without permission. On December 19, 2015, Games Done Quick settled with Roblox out of court.

ROBLOX has several forums for various topics such as community concerns about issues that affect everyone and questions related to aspects of the game. It also has forums for discussion of specific games and topics. The game-specific forums are for posts about the game, and the player-to-player forums are for general discussion.

Builders Club Premium is available to all Builders Club members. For the purposes of the ROBLOX Terms of Use (from which these terms are derived), premium features and paid-for items are considered one and the same. In order for a game developer to provide Builders Club Premium, an agreement with ROBLOX must be obtained from ROBLOX.

On March 3, 2008, ROBLOX released a new logo for the website after receiving much criticism from its community for changing it in late 2007. The new logo removed black completely from the original logo and changed the font to match that of RISC OS. The new logo was the same as it was before, but added a small "2" at the bottom of the logo.
