Noooooo by Binkybunnykitty1234 on 2017/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone."

In January 2018 Moon Active released another video on Youtube revealing that a version of Coin Master is also under development for the game platform Steam (by Valve Corporation). This version of the game is expected to include new 3D artwork, improved gameplay over previous versions and an updated soundtrack. In March 2018 Moon Active revealed that a new version of Coin Master was on the way to Facebook, however no other details were released."

In 2018 an ace playing card company called ZenFantasia, which specializes in custom playing cards designed by gamers for gamers, released a set of themed cards titled "CoinMaster Cards." The set was designed by United Pixelworkers and includes the Mystic Mine card from the game."

In 2014 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukini no Tane)" for iOS as a free-to-play app. This version of the game contains in-app purchases such as power ups and coins. It also contains ads and micro transactions which can be removed by paying \$3.99 for an ad-free version of the game. The user review for Coin Master: Puss in Boots is composed of 3 out of 5 stars, with a user rating of 4 out of 5 stars (out of 1 vote)."

Won't let me watch a video by Halypony on 2017/11/24 22:17 This game is great. It's not the same as before because the coin and gem system but it's still fun to play and a good time waster. It's just that when I try to watch a video to get coins or gems, the ad never plays! I'll keep trying though because I love this game so much."
