The territory restriction on new accounts for "TERA" was lifted in June 2012. At that time, players were also given a free transfer to a North American account. In February 2015, En Masse Entertainment announced plans to merge servers for "TERA" and also announced additional details about Season 2 of "TERA: Rising". The merger began on March 11 with servers down for two hours beginning at 5 am Pacific Time (8:00 UTC). This was followed by two more short downtimes on March 17 and March 26 before all character transfers were completed. The merger of servers resulted in the creation of a single player vs. player server and a single role-playing server. The role-playing server was created to stop the underpopulated game world from splitting into two more servers.[62]

The third way is using your Xbox live account to earn free Robux on a game called "Robloxian Life". This game awards players with 20 points per day which translate into around 100 Robux.

Overall, ROBLOX is fun to use and has many activities for players such as playing games and building creations. The unique graphics that come with each game can be beautiful or affective depending on the type of game it is. For parents that want their children to have fun and have gaming time without the risks of other online games, ROBLOX is a great place to use. This website has safety features for children and parents as well as many other positive features. ROBLOX was mentioned in a Video game advertising case in the Court of Appeals for the Fifth Circuit. The court upheld the game's placement of content, but struck down a provision stating that ROBLOX is an interactive computer service as a matter of law.

In 2003, a new logo was introduced to represent the company: it consisted of a white capital letter "O" on a black background. The logo underwent several changes under various visual design changes during this period. The "O" was sundered into two smaller, green squares with rounded bottoms that closely resembled the shape of the letter "L", which remained in use until 2010. In 2009, ROBLOX released an entirely new logo based on the previous one: this iteration featured a black capitalized "R" on a white background. It was designed to feature the company's name without any visual association to the original logo. The previous logo is still in use today, albeit with a thicker frame.
